MEMORANDUM FOR: Deputy Director for Support

Bob:

I regret the necessity of asking you to defer construction [redacted] I do feel, however, that to proceed with this project at this time would be contrary to the spirit of the President's instructions.

25X1

The question of whether we can proceed with the construction next spring remains. I shall be happy to consider this requirement anew any time after 1 January 1967. If you desire to present this project again, please give complete justification why this must be done in FY 67. You will recall that the President has asked us to cut back unessential expenditures in FY 67 and to defer essential expenditures in FY 67 until after 1 January 1967.
